VARIABOX The new generation of distributors HSN-8537

The new VARIABOX from Bals meets all requirements for a modern distributor housing and can be individually configured in 5 different sizes with versions S, M, L, & XXL as surface mounting or mobile combination. We have the right distributor for every user. Configuration according to individual specifications on the basis of pre-defined, encoded flanges, which offer a maximum level of safety during the initial installation & /or maintenance. With their robust design in a high grade & durable, quality plastic, their good seal, the modular expansion option & many Innovative extra features, the new VARIABOX proves itself even under the most adverse conditions.

Variabox-S

Variabox-M

Variabox-L

Variabox-XL

Features

- Ready wired for installation
- Housing made of high-grade, impact-resistant plastic
- Top and bottom can be sealed together
- Permanently attached cover screws
- All CEE socket outlets with screw less, maintenance-free QUICK-CONNECT connection technology
- Colors, bottom-black. top-electro grey (Housing top optionally available in the colors yellow, red, blue or silver)
- With high quality handle
- Coded flange system for maximum safety during initial installation and maintenance
- Fuse elements arranged below transparent, lockable operating window with user friendly OTC mechanics (one touch close)

Item Code	Dimensions	L.P. ₹
Variabox-Small	130 x 230 mm	**9800**
Variabox-Medium	260 x 230 mm	**11900**
Variabox-Large	390 x 230 mm	**15900**
Variabox-Extra Large	520 x 230 mm	**19900**
10 Way Window	-	**1850**
4 Way Window	-	**1700**
